Accounting is not as technical and complex as you may think and is actually based on very simple principles that anyone can understand. Once you know and understand these principles, you will be amazed at how easy it is.

Accounts Demystified: The Astonishingly Simple Guide To ...

Accounting is generally viewed as a highly technical and complex subject. However, accounts are actually based on simple principles. It's not company accounts that are complex, it's all too often the way they are explained. In this simple, easily absorbed, clearly explained book, the author guides you through all the major accounting concepts.
