Beyond Human: Living with Robots and Cyborgs. Concepts once purely fiction -- robots, cyborg parts, artificial intelligences -- are becoming part of everyday reality. Soon robots will be everywhere, performing surgery, exploring hazardous places, making rescues, fighting fires, handling heavy goods.

**Beyond Human: Living with Robots and Cyborgs by Gregory ...**

Beyond Human treats the landscape of human self-change and robotic development as poles of the same general phenomenon. Benford and Malartre are not afraid to speculate or to focus closely on surprising things already possible and being done.

**Beyond Human Living With Robots And Cyborgs [EPUB]**

Robot fans are projecting their own thinly veiled fantasy life, especially when they get into human desires such as sex and power. This philosophy reflects a narrow consciousness in its believers. Robots are puppets, high-tech Pinocchios, not more than snazzy dolls and teddy bears, not serious models for humanity.
