-- P. Andrew Sandlin, Founder & President, Center for Cultural Leadership "I found Crisis of Responsibility a remarkable and urgent synthesis of the economic, social, and cultural afflictions of modern America. But I was also heartened by the commitment to solving these problems through common sense and a renewal of individual responsibility.

The theme of both individual and institutional responsibility was a major driving force behind the founding of our nation, and it was a guiding principle until at least halfway through the twentieth century. Its evaporation in recent decades has dramatically altered our culture. Bahnsen exposes this crisis and shows us the way out of it.

Bahnsen examines our culture of victimization and blame and suggests ways we can improve ourselves and our country. I appreciated his look at the 2008 financial crisis (which affected us since we bought our first house in CA in 2007), and I love his emphasis on personal responsibility. Recommended for all, victim or not!
