Henry A. Virkler said, "It [hermeneutics] is considered an art because communication is flexible, and therefore a mechanical and rigid application of rules will sometimes distort the true meaning of a communication. To be a good interpreter one must learn the rules of hermeneutics as well as the art of applying those rules."4

9780801031380: Hermeneutics - AbeBooks - Virkler, Henry A ...

Chapter 1 in Virkler's text describes hermeneutics as the science and art of biblical interpretation. Textual criticism seeks original wording while historical criticism studies the present-day situation. Exegesis applies hermeneutical principles to understand the author's intended meaning. Hermeneutics is essentially a codification process normally used at an unconscious level to understand the intended meaning of another person.

Henry A. Virkler (Author of Hermeneutics) - Goodreads

Dr. Virkler is a professor of psychology who sensed the need for an introductory text on hermeneutics that translated theory into practical exegesis. This is a great all-around hermeneutics text since it follows a logical structure, is fairly comprehensive and allows the reader to practice what he has learned with the "brain teasers" included.
