~~If Mayors Ruled the World: Dysfunctional Nations, Rising ...~~

It often seems like federal-level politicians care more about creating gridlock than solving the world's problems. So who's actually getting bold things done? City mayors. So, political theorist Benjamin Barber suggests: Let's give them more control over global policy. Barber shows how these "urban homeboys" are solving pressing problems on their own turf -- and maybe in the world.

~~Benjamin Barber: Why mayors should rule the world - YouTube~~

In his provocative and highly original book, If Mayors Ruled the World, Benjamin Barber considers whether cities and the mayors who run them are doing a better job than nation-states. Barber investigates the unique qualities cities worldwide share: pragmatism, civic trust, participation, indifference to borders and sovereignty, and a democratic penchant for networking, creativity, innovation and cooperation.
