[International Journal Of Geoengineering Case](#)

The International Journal of Geoengineering Case Histories is an official journal of the International Society for Soil Mechanics and Geotechnical Engineering, the premier scientific organization for geotechnical engineering worldwide. The Case Histories Journal covers the broad area of practice in geotechnical engineering (soils and rocks), including geotechnical earthquake engineering, environmental geotechnics and engineering geology, and energy geo-construction.

[ISSMGE International Journal of Geoengineering Case Histories](#)

The International Journal of Geoengineering Case Histories (IJGCH) is an official journal of the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE), focusing on the publication of well-documented case histories. This refereed journal focuses exclusively on geoengineering practice and has many unique features. Topics of Interest The IJGCH covers the broad area of practice in geoengineering.

[ISSMGE's International Journal of Geoengineering Case ...](#)

The "International Journal of Geoengineering Case Histories" covers the broad area of practice in geotechnical engineering (soils and rocks), geotechnical earthquake engineering, environmental geotechnics and engineering geology.

[ISSMGE International Journal of Geoengineering Case Histories](#)

The International Journal of Geoengineering Case Histories is a new, refereed online journal in the field of Geoengineering. The journal aims to become a focal point of geotechnical engineering practice worldwide by publishing case histories. The journal is refereed in accordance to the procedures of the most prestigious journals in our field and the Editorial Board of the journal consists of ...

The International Journal of Geoengineering Case Histories ...

We are pleased to announce the special Issue #1 of Volume #5 of the International Journal of Geoengineering Case Histories, an official Journal of the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE). This Special Issue presents recent case histories that exemplify the state of the practice when applying soil mechanics, analysing data and solving problems involving unsaturated soils.

Vol. 5, Issue 1 of the IJGCH has been released! | ISSMGE

International Journal of Geoengineering Case Histories (IJGCH) Vers.4 - 8/2019 Overall, it is estimated that a minimum of 9 months are required for the publication of a special issue and 10 months for a special volume. However, the timeline is driven by the responsiveness of the reviewers.

International Journal of Geoengineering Case Histories (IJGCH)

Upon request, the International Journal of Geoengineering Case Histories can provide additional webspace to store and present supplemental data (maps, photos, measurements etc.) related to the submitted paper/project (e.g. more detailed investigations/measurements, photos of the construction site, earthquake reconnaissance data etc).

INTERNATIONAL JOURNAL Author guidelines OF GEOENGINEERING ...

Get Free International Journal Of Geoengineering Case Histories International Journal Of Geoengineering Case Histories When somebody should go to the books stores, search opening by shop, shelf by shelf, it is in fact problematic. This is why we offer the ebook compilations in this website. It will completely ease you to see guide international ...

International Journal Of Geoengineering Case Histories

The Journal of GeoEngineering covers various topics in geotechnical engineering. Original papers are welcomed for the following areas: geotechnical engineering, geo-materials, hazard mitigation, sustainable infrastructure and maintenance, geo-ecological engineering, geo-environmental engineering, engineering geology/geological engineering, earthquake engineering, applications of geographical information system, etc. Practical papers emphasizing case studies and subsequent interpretations of ...

Journal of GeoEngineering

59,770 paper downloads in 2019 for the ISSMGE International Journal of Geoengineering Case Histories! Watch the latest webinar on Landslide Runout Analysis Current Practice and Challenges. Proceedings from the XVI Pan-American Conference on Soil Mechanics and Geotechnical Engineering (XVI PCSMGE 2019) available in open access ...

Home | ISSMGE - International Society for Soil Mechanics ...

The "International Journal of Geoengineering Case Histories" covers the broad area of practice in geotechnical engineering (soils and rocks), geotechnical earthquake engineering, environmental geotechnics and engineering geology. ISSMGE International Journal of Geoengineering Case Histories

International Journal of Geoengineering Case Histories - 7 ...

GEOENGINEERING SOCIETY & CASE HISTORIES JOURNAL • Effort initiated by a groups of engineers that recognized the need of the journal. We want the Geoengineering Societies involved. • The Case Histories Journal and the Geoengineering Society can both benefit from this collaboration.

INTERNATIONAL JOURNAL OF GEOENGINEERING CASE HISTORIES

The "International Journal of Geoengineering Case Histories" is an official journal of the International Society for Soil Mechanics and Geotechnical Engineering (ISSMGE), focusing on the publication of well- documented case histories. This refereed journal focuses exclusively on geoengineering

practice and has many unique features.

The ISSMGE International Journal of Geoengineering Case ...

The International Journal for Numerical and Analytical Methods in Geomechanics, by J. Wiley and Sons. Currently this journal has papers available online. The International Journal of Geoengineering Case Histories. A NEW journal focusing on the practice of our Profession.

Journals & Magazines | Geoengineer.org

This paper presents a description of post-flood reconnaissance and geotechnical investigation of four earthen dams that were breached or damaged following an extreme flooding event in South Carolina in 2015. As a result of unprecedented rainfall and flooding that occurred during a five-day period at the beginning of October in 2015, a total of 51 earthen dams failed and nearly 200 were damaged.

Geotechnical Observations of Dams Failed During the 2015 ...

This Special Issue of the ISSMGE International Journal of Geoengineering Case Histories draws from the hurricane reconnaissance efforts by the Geotechnical Extreme Event Reconnaissance (GEER; geerassociation.org) Association between 2008 and 2017. Post-hurricane geotechnical reconnaissance has drawn attention to impacts on foundations, earthen structures, coastal infrastructure, scour, and sediment erosion and relocation.

Special Issue on Hurricane Geotechnics by GEER published ...

The International Journal of Geoengineering Case Histories is an official journal of the International Society for Soil Mechanics and Geotechnical Engineering, the premier scientific organization for geotechnical engineering worldwide.

59,770 paper downloads in 2019 for the ISSMGE ...

The International Journal of Geoengineering Case Histories is an official journal of the International Society for Soil Mechanics and Geotechnical Engineering, the premier scientific organization ...

International Journal of Geoengineering Case Histories ...

In addition to a bimonthly bulletin and various technical committee reports, the society publishes an official scientific journal in collaboration with Geoengineer.org, the International Journal of Geoengineering Case Histories.

International Society for Soil Mechanics and Geotechnical ...

We are pleased to announce the Issue #2 of Volume #5 of the International Journal of Geoengineering Case Histories, an official Journal of the International Society for Soil Mechanics and Geotechnica...
