Amazon.fr - Lean MRP: Establishing a Manufacturing Pull ...

Materials requirements planning (MRP) and lean manufacturing are two different methods of production. MRP often relies heavily upon procuring dependent demand supplies to maintain inventory. Lean, on the other hand, strives to eliminate inventory and produce in a just-in-time manner.

What is the Difference Between MRP and Lean? (with pictures)

Lean manufacturing is designed to help any manufacturing organization improve efficiency and reduce costs. The goal of lean is to eliminate waste—those components that do not add value to your operations.
