### Matter And Change Study Workbook Key

Matter is the physical stuff that the universe is made out of; the things that you can touch and weigh on a scale. Matter takes up space. This includes gases like oxygen and carbon dioxide. Energy...

### Types of Matter & Energy Changes in an Ecosystem | Study.com

A physical change is a change to a sample of matter in which some properties of the material change, but the identity of the matter does not. When we heat the liquid water, it changes to water vapor. But even though the physical properties have changed, the molecules are exactly the same as before.
