How has China's home-grown social media Wechat changed the ...

In many respects, Alipay and WeChat Pay have also done all the heavy lifting. By being the first to market, they blanketed merchants all across China with their QR-code solutions. A decision that was smart at the time as they ramped up their acceptance quickly, but may have ended up paving the way for other competitors to take marketshare.

QR Codes helped define Alipay and WeChat Pay, but now they ...

A research paper is a common form of academic writing. Research papers require students and academics to locate information about a topic (that is, to conduct research), take a stand on that topic, and provide support (or evidence) for that position in an organized report.

What Is a Research Paper? - ThoughtCo

Guest Author, 17th January 2019. In this post, scientometrics researcher and 2018 Altmetric Research Grant recipient Shenmeng Xu describes how the design of China's largest social network, WeChat, may affect what we know about how science is communicated. Altmetrics sourced from social networks like Twitter, Facebook, and ResearchGate have been studied a lot to date.
