The new primitives of the Occupy Wall Street movement are a perfect example of the anti-industrial revolution, aiming to tear down the financial structures of Western civilization. New equalitarians do not offer opportunity to rise in socioeconomic status, but instead they incite envious greed and policies that will bring the haves down to the level of the have-nots through progressive taxation.

The Return of the Primitive: The Anti-Industrial ...

It was a movement that embraced "flower-power" and psychedelic "consciousness-expansion," that lionized Ho Chi Minh and Fidel Castro and launched the Black Panthers and the Theater of the Absurd. In Return Of The Primitive (originally published in 1971 as The New Left), Ayn Rand, bestselling novelist and originator of the theory of Objectivism, identified the intellectual roots of this movement.

The Return of the Primitive: The Anti-Industrial Revolution

This is tantamount to a rejection of the Industrial Revolution, which means a rejection of history's greatest positive transformation in the length and quality of human life. The ecology movement, she argued, was ultimately calling for an "anti-industrial revolution" and seemed eager to condemn mankind to the squalor and misery of pre-industrial subsistence.
