What to do when someone

Access Free Someone Has Died Suddenly

dies: step by step - GOV.UK

Death just became even more scary: scientists say people are aware they're dead because their consciousness continues to work after the body has stopped showing signs of life. That means

Access Free Someone Has Died Suddenly

that, . . .

When you die you know you are dead . . . - The Independent

Everyone is very shocked when someone dies suddenly. There has been no time to

Access Free Someone Has Died Suddenly

prepare and often no warning that the person was going to die. Shock affects adults and children physically and emotionally, and some of the effects you may notice are feeling dizzy or sick, shaky, shivery, hot and

Access Free Someone Has Died Suddenly

cold. After a shock we often feel very unsafe
