purpose of politics. They demonstrate how this undermines democracy, in turn increasing the power and authority of economists.

*The Econocracy (book) - Wikipedia*

The "false precision" offered by an econocracy provides cover in periods of economic growth but, rather like so much corporate strategy, when the tide goes out w With a UK-focus, but an international outlook, the book describes how something as prosaic as a research-assessment process can wind up critique-cleansing an entire discipline to the extent that "dissecting opinion cannot even be considered."

*The Econocracy: On the Perils of Leaving Economics to the ...*

In *The Econocracy: The Perils of Leaving Economics to the Experts*, Joe Earle, Cahal Moran and Zach Ward-Perkins argue that the logic of economics has come to shape how political issues are framed and addressed, leading to a deep divide between economics 'experts' and the majority of citizens who have grown increasingly suspicious of the discipline. This concise and well-researched book is a timely critique of the state of economics today and may empower 'citizen economists' to become ...

*The Perils ...*

Jonathan Aldred, Author of The Sceptical Economist  
'The econocracy explains, supported by excellent research, how one branch of economics has captured the academy and excluded the public from debate about how the economy is organised, leaving this branch almost the only source of policy advice. It is written by British members of Rethinking Economics, the international organisation of students and recent graduates dissatisfied with their curriculum.
