Amazon.co.uk: understanding japanese society

Joy Hendry's collection demonstrates the value of an anthropological approach to understanding a particular society by taking the reader through her own discovery of the field, explaining her practice of it in Oxford and Japan, and then offering a selection of the results and findings she obtained. Her work starts with a study of marriage made in a small rural community, continues with education and the rearing of children, and later turns to consider polite language, especially amongst women.
