Quality in First Person. Traditionally CEOs do not have a quality background and have different ideas on "What good quality is". They believe if there is a quality problem, then it's time to ...

How to build Quality Mindset in the Organization

Cher's "Believe" (December 1998) was the first commercial recording to feature the audible side-effects of Antares Auto-Tune software used as a deliberate creative effect. The (now) highly recognisable tonal mangling occurs when the pitch correction speed is set too fast for the audio that it is processing and it became one of the most over-used production effects of the following years.

Recording Cher's 'Believe' - Sound on Sound

Electricity is the lifeblood of modern society, it enhances our quality of life and we are becoming increasingly reliant on it to power tools and devices we use for work and entertainment. However, although electricity has many benefits it can also be a hidden killer as it can't be seen, felt, smelled or heard until someone comes into contact with it. This course will start by covering the ...
